

SimStitch®

Save Time & Heat Apply.

SimStitch® is authentic twill, laser etched to simulate stitches – giving the look of professionally sewn appliqué with just a heat press.

GREAT FOR:

- Appliqué without embroidery
- Unique pattern options
- Quick production

EXPAND YOUR PRODUCT LINE, NO NEEDLES REQUIRED

Get the look of appliqué without ever threading a needle. SimStitch® lets you give your customers the classic look they want without investing in expensive embroidery equipment.

SimStitch® is also the ideal partner for the embroidery business. By offering a good, better, best marketing model you'll be able to provide decorating options for any budget without devaluing your premium embroidery offering.

SIMSTITCH® IS ON YOUR TEAM

Create high end, poly twill authentic uniform looks with a higher perceived value over simple heat transfer vinyl at a significant cost savings when compared to embroidery or applique.

GET CREATIVE WITH SPECIAL EFFECTS

Sublimated SimStitch® gives you creative options with patterns, from plaid and polka dot, to camouflage and more. Design something unique and get more sales.

WATCH NOW

SimStitch® Letters and Narrate loose, requiring additional layout time. Check out this quick video on how to pre-align letters to save time.
